Dear Consignees;

First of all, I want to thank each and every one of you for your continued business throughout the years. Your continued support has made Lucy's Nearly New Shoppe a unique shopping experience for the Sturgis community for over 30 years.

To continue Lucy's success, we are becoming more and more selective with the merchandise consigned into the store.

Clothing items brought into the store must be: clean, pressed and folded nicely with no tears or stains. Clothes must be in style, fashionable, and in season. Please bring your items in boxes or baskets. No items in plastic bags will be accepted. Knick-knacks and household items will be clean and in good condition. **No** items that have previously been rummage sale items will be accepted.

We ask that you stay in the store while we look through your items, so that the items we cannot accept will be returned to you. Please do not use the dumpster located outside Lucy's to throw the items you do not want and we will not consign. Once in a great while, we do miss an item that has a hole or tear and place it on the floor for resale. If we do find such an item, we will pull it from the floor and dispose of the item.

In late 2008, legislation was passed that greatly impacted consignment shops like Lucy's across the country. The Consumer Product Safety Improvement Act was passed making it illegal to sell any children's product that exceeds 100 parts per million of lead. While resellers, like Lucy's, are not required to test for lead we are held responsible if we sell something that exceeds the limit. The first fine for non-compliance is \$100,000. Due to the severity of this penalty, we will not be accepting any products (toys, furniture, jewelry, clothing, etc.) for children under 12 years of age.

Once again thank you for your continued patronage!

Sincerely,

Dixie Olson
Owner
